Here it comes... the solo, no ... THE SOLO!!! It isn't that hard but it took me about a year to tab it. At first my ears were too weak, and the thing seemed too hard, then when I got tougher I just couldn't spare any time to sit down and listen. At last, today morning I decided - I'll do it ! So now I've finished the second part of the solo,when I pick more I'll send it ASAP.

This version is from the "Forgotten Tales" album.

I think I hear 2 guitars there... I'll write everything that I hear from their parts

Then:

This is lead guitar (nylon acoustic) part, the rhythm (metal acoustic) part is not complete, I think Armin plays some arpeggios together with the second part, but I can't make out what kind of.
